

## Resin-filled joints Type TSJ-SC for armoured and unarmoured power and control cables up to 1kV

### Features and benefits

- Range taking joint kits with few components for quick and simple installation
- Clear, robust, snap together joint shells for easy positioning and filling
- Joint insulation, sealing and mechanical protection provided by proven two-part filler materials supplied in convenient foil packs
- Immediately operational
- High mechanical strength, watertight and with good resistance to UV, alkaline earths and chemical agents
- Core separator to ensure adequate clearance between connectors
- Easy to follow pictorial installation instructions
- Sealing tape and protective gloves included in the kit

### Standards

- Performance tested to European standard EN 50393 (UK utility standard C81)
